

GETTING TO KNOW:

LINDA LEE BURNETT

Linda Lee Burnett started her singing career over 15 years ago singing on church worship teams. Several years ago she was asked to be a part of a local gospel group as a lead vocalist. Later, Linda also joined up with a Ladies Quartet and displayed her talents and high energy as their lead vocalist. As God summoned, Linda literally took "A Step of Faith" to perform solo concerts... as where before, she has always sang with others.

Deciding on what kind of sound or style to present is always a welcome challenge, even if I am the only one who has to agree on it. I feel like essentially becoming a new artist to reach new audiences. I continue to be influenced by many artists and different styles of music.

Since her calling, Linda ministers through song at local churches, women's events, weddings, regular concerts large or small and other public venues. She has opened and performed on stage with **The Isaacs**, a national known touring bluegrass gospel group and also **Legacy Five**, one of the top touring Southern Gospel Quartets.

The desire of Linda's heart is to be a servant of Christ. My mission is to lift up our Lord and Savior so that others can be drawn to him. If I do anything less than that, I'm just an entertainer or performer. I strive to be more than that. Obviously a certain portion of what I do is considered performing; however, hopefully as people listen, more importantly they are being ministered to, as well.

When Linda sings, hearts soar on the wings of faith, hope and worship. With a heart and smile as big as her voice, Linda brings heaven's hope to human hearts in a very special way. Her gift is the ability to communicate the gospel with the power of voice and spirit.

Renown and respect are not always coupled to describe one person, but for this singer of songs, every year brings a wider circle of renown and a deeper sense of respect for the gifts of God resident in her and radiating from her. Linda's top priority in a concert is to present the gospel to the listener in song and testimony. Her professionalism and pursuit of excellence is only superseded by her ability to connect with an audience through the message of God's love, grace, and forgiveness.

You know, life's road takes us to so many different places, sometimes when we are afraid, lonely or feel like we have totally lost our way, God is there to remind us that he has made that road and He is there for us. And if we take hold of His hand, we'll get there. The journey is a part of growing, trusting, learning and living!
